PROFESSIONAL SUMMARY

Entry-level Python Developer candidate pursuing a B.Tech in Computer Science Engineering and training at InfoBeans Foundation. Skills include Python programming, object-oriented programming (OOP), MySQL, SQL, HTML, CSS, Bootstrap, and Git/GitHub. Project experience includes a service-booking system concept, a typing speed tester, and a Snakes and Ladders game. Solved 150+ LeetCode problems through regular practice in programming logic and problem-solving. Seeking an opportunity to contribute to Python application development and continue building practical software development skills.

TECHNICAL SKILLS

Programming: Python, object-oriented programming (OOP), loops, conditionals, dictionaries
Database: MySQL, SQL fundamentals, relational database concepts
Web Technologies: HTML5, CSS3, Bootstrap
Version Control: Git, GitHub
Software Development: Problem-solving, logical thinking, debugging fundamentals

PROJECTS

Local Fix – Service Booking System | Python, MySQL, OOP | Sep 2026 – Oct 2026

- Designed the concept and workflow for a service-booking application connecting customers with service providers.
- Planned registration and login flows, service management, booking workflows, and administrator approval.
- Outlined relational data entities for bookings, payments, reviews, complaints, and provider documents.

Typing Speed Tester | Python | Jun 2026 – Jul 2026

- Developed a Python typing-test project that measures typing speed using words per minute (WPM) and characters per minute (CPM).
- Added accuracy and typing-error tracking to help users assess their typing performance.

Snakes and Ladders – Board Game | Python | Apr 2026 – May 2026

- Implemented a turn-based board game using Python loops, conditional statements, dictionaries, and random dice rolls.
- Handled player movement, snakes and ladders, turn management, and winner detection.

TRAINING

InfoBeans Foundation | Trainee | Apr 2026 – Present
Foundation training in Python programming, MySQL, and AI fundamentals.

EDUCATION

Lakshmi Narain College of Technology (LNCT) — B.Tech in Computer Science Engineering | Aug 2023 – Jul 2027 | CGPA: 6.5/10
Bal Vinay Mandir Higher Secondary School, Sanwer, Indore — Class XII | 2023 | 77%
Bal Vinay Mandir Higher Secondary School, Sanwer, Indore — Class X | 2021 | 72%

ADDITIONAL INFORMATION

Languages: Hindi, English | Interests: Music, solving programming problems
